

esPattio

COM-COL AVAILABLE BY PRODUCT

COM-COL order information

CUSTOMER'S OWN MATERIAL (COM) / LEATHER (COL)

All yardage requirements listed in the Price List are based on a 55-inch wide, plain, non-directional material. Fabrics with a pattern repeat that requires matching, or that are less than 55 inches wide, will require additional yardage. Please contact the Customer Service Department to request a quotation.

All COM will be cut and applied at esPattio's discretion. Any special upholstery instructions must be communicated to your sales representative and the Customer Service Department before placing the order. Please also specify the correct side and direction of the COM, if applicable.

esPattio cannot be held responsible for receiving defective fabrics. If any goods are found to be damaged upon receipt, esPattio will notify the customer as soon as possible. Returning defective COM to the sender may not always be possible, and esPattio reserves the right to charge for any incurred costs.

Before placing a COM-COL order, please verify the pre-approved fabrics:

If the COM is pre-approved, the order can be processed

If the COM is not pre-approved, please contact your sales representative or the Customer Service Department to request a test. esPattio will require a memo sample and will verify whether it can be approved. Depending on the COM, it may be necessary to send yardage to produce a mockup test. COM-COL must be shipped freight prepaid to esPattio's facilities. All materials must be clearly tagged with the order and item references to ensure proper identification. esPattio is not responsible for any delays caused by untagged or late COM shipments.

The COM/COL material must be shipped to the following address:
230-39 Rockaway Blvd (Door 22)
Springfield Gardens, NY 11413

Please contact esPattio before sending any materials. We will provide you with a label containing important information that must be affixed to the goods prior to shipment.

No shipments will be received if they are not properly labeled and if esPattio has not been notified in advance.
